## Noach Built A Teivah

Noach was a good man, a good man, a good man,  
Noach was a good man in his day,  
The people all around him were wicked, wicked,  
The people were so wicked, I'm sorry to say.

Noach built a teivah, a teivah, a teivah,  
Noach built a teivah for everyone to see,  
Who do you think lived there, lived there, lived there?  
All the animals lived there and Noachs family.

Then the rain came pouring, pouring, pouring,  
The rain came pouring down for forty nights and days,  
And the people, who were wicked, wicked, wicked,  
the people who were wicked were punished for their ways.
